Melon-chan

Melon-chan Official Setting

+ Melon-chan is a round and juicy Food Girl who also works as a nurse.
+ Does things at her own slow pace and is somewhat lazy, but once she has decided on something she does it properly. She enjoys studying hard and receiving good grades on tests.
+ A scaredy-cat, she isn't very good at handling things like loud noises or suspense/horror films.
+ When Strawberry-chan isn't coming over to play, she just studies, so her goal is to get into a good university.
